May 16th. 1201 hrs.
We are now under
siege. Beyond the
silo access doors,
we have a small
army of beaten and
battered undead to
contend with. They
only want one
thing... Day by Day
Armageddon is the
handwritten journal
of one man and his
struggle for
survival. Trapped in
the midst of global
disaster, he must
make decisions that

could mean life, or which could condemn him eternally to walk as one of them. Enter, if you dare, into his world. The world of the undead. "Based upon Star Trek and Star Trek: the next generation created by Gene Roddenberry and Star Trek: Deep Space Nine created by Rick Berman & Michael Piller." A love story with a difference - an unforgettable tale of life, loss and making each day count in the INTERNATIONAL NO. 1 BESTSELLING book of TIKTOK fame, clocking up 80 million views and counting! The First to Die at the End, the prequel to They Both Die at the End, is now

available to pre-order in hardback, coming October 2022. On September 5th, a little after midnight, Death-Cast calls Mateo Torrez and Rufus Emeterio to give them some bad news: they're going to die today. Mateo and Rufus are total strangers, but, for different reasons, they're both looking to make a new friend on their End Day. The good news: there's an app for that. It's called the Last Friend, and through it, Rufus and Mateo are about to meet up for one last great adventure - to live a lifetime in a single day. Another beautiful, heartbreaking and life-affirming book from the brilliant Adam Silvera,

disaster with this DIY guide featuring 101 easy prepper projects and practical survival skills. From California earthquakes and Rocky Mountain wildfires to Midwest floods and Atlantic hurricanes, you can't escape that inevitable day when catastrophe strikes your home town — but you can be prepared! Offering a simple DIY approach, this book breaks down the vital steps you should take into 101 quick, smart and inexpensive projects. With the Prepper's Pocket Guide, you'll learn to: #6 Make a Master List of Passwords #16 Calculate How Much Water You Need #33 Start a

Food Storage Plan for \$5 a Week #60 Make a Safe from a Hollowed-out Book #77 Assemble an Inexpensive First Aid kit #89 Learn to Cook Without Electricity #94 Pack a Bug-out Bag Inside these pages lies unspeakable horror. Bloodsplattering, brain-impaling, flesh-devouring horror. You've probably read your fair share of zombie stories. But this time it's different. No longer can you sit idle as a bunch of fools make all the wrong moves. All hell is about to break loose—and YOU have a say in humanity's survival. You have choices to make. Moral dilemmas. Strategic decisions. Weapons. Vehicles. Will you

be a hero? Or will you cover your own ass at all costs? Can you withstand the coming hours, days, weeks, and months? Or will you die amidst the chaos and violence of a zombie uprising? Or, worst of all, will you become one of them? Over 13 months in 1976-1977, four children were abducted in the Detroit suburbs, each of them held for days before their still-warm bodies were dumped in the snow near public roadsides. The Oakland County Child Murders spawned panic across southeast Michigan, triggering the most extensive manhunt in U.S. history. Yet after less than two

years, the task force created to find the killer was shut down without naming a suspect. The case "went cold" for more than 30 years, until a chance discovery by one victim's family pointed to the son of a wealthy General Motors executive: Christopher Brian Busch, a convicted pedophile, was freed weeks before the fourth child disappeared. Veteran Detroit News reporter Marney Rich Keenan takes the reader inside the investigation of the still-unsolved murders--seen through the eyes of the lead detective in the case and the family who cracked it open--revealing evidence of a

decades-long coverup of malfeasance and obstruction that denied justice for the victims. In this sequel to Rise Again, Sheriff Danielle Adelman, a troubled war veteran, struggles to survive in a dying world overrun by the reanimated dead as she searches for her runaway kid sister. Original. 35,000 first printing. They were Harvard '58, the class who thought they could change the world. Danny, the musical prodigy, risks all for Harvard, even a break with his domineering father. Yet his real problems are too much fame too soon - and too many women. Ted spends

four years as an outsider. He is obsessed with climbing to the top of the academic ladder, whatever the cost. Jason, the golden boy - handsome, charismatic, athletic - learns at Harvard that he cannot ignore his Jewish background. Only in tragedy will he find his true identity. George, a Hungarian refugee, comes to Harvard with the barest knowledge of English. But with ruthless determination he masters not only the language but the power structure of his new country. Andrew is haunted by three centuries of Harvard ancestors who cast giant shadows on his confidence. It is

not until their dramatic 25th reunion that the men must confront their classmates, and the value of their lives. 'When you have to kill the same terrorist twice in one week, then there's either something wrong with your skills or something wrong with your world. And there's nothing wrong with my skills.' Police officer Joe Ledger, martial arts expert, ex-army, self-confessed brutal warrior is scared. The man he's just killed is the same man he killed a week ago. He never expected to see the man again, definitely not alive, and definitely not as part of the recruitment process for the hyper-secret

government agency the Department for Military Sciences. But the DMS are scared too: they have word of a terrorist plot straight from a nightmare - a bid to spread a plague through America - a plague that kills its victims and turns them into zombies. Time is running out and Joe has shown he has the abilities they need to lead one of their field teams. And so begins a desperate three-part mission - to contain the zombie outbreaks, to break the terrorist cell responsible and to find the man in their own team who is selling them out to the terrorists. Patient Zero is astonishingly fast moving, incredibly

violent and down-right terrifying thriller - a new breed of thriller of techno-thriller that plays on our fears of mad science. "Memories and Adventures" is an autobiography of Arthur Conan Doyle, where he describes the varied aspects of his professional life as a doctor, sportsman, adventurer, political campaigner, and author. The book recounts the many true adventures he lived and his relationship with such figures as Oscar Wilde, Kipling, and Arthur Balfour. A riveting, ultra-realistic example of "dystopian fiction at its best" (Brad Thor, #1 New York

Times bestselling author) from the acclaimed author of the Day By Day Armageddon novels! During an unacknowledged mission inside the Syrian border, a government operative had unwittingly triggered an incredible worldwide event that irrevocably shaped the future of the United States. In the aftermath of the crisis, families have struggled to survive in a world short on food, water, and electricity. Hyperinflation cripples the United States economy and post-war armored military vehicles are patrolling the streets. One man has now stepped forward and

continues to push back the dark wave of tyranny brought on by martial law in the streets of America, and may be the only hope of saving liberty for the country's future. Will Destroy the Galaxy for Cash is the follow up tale to Will Save the Galaxy for Food from the mind of writer Yahtzee Croshaw (Mogworld, Jam, Differently Morphous). With the age of heroic star pilots and galactic villains completely killed by quantum teleportation, the ex-star pilot currently named Dashford Pierce is struggling to find his identity in a changing universe. Then, a face from his past returns and

makes him an offer he can't refuse: take part in just one small, slightly illegal, heist, and not only will he have the means to start the new life he craves, but also save his childhood hero from certain death. What could go wrong? If you need to ask--you don't know Dashford Pierce. Before long, Pierce is surrounded by peril, and forced to partner with the very same supervillains he'd spent his heroic career thwarting. But when he's confronted by the uncomfortable truth that star pilots might not have been the force for good, they had intended to be, he begins to wonder if the villains hadn't

had the right idea all along... It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the

spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history - but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all - Shirley herself. *Reign of the Dead- Revised Updated and Reloaded Book 1* A strange virus causes the recently dead to rise with an insatiable desire to eat the living. The epidemic is worldwide and quickly rises to catastrophic proportions as civilization collapses under the burden of a horror unmatched in human history. The survivors at a

rescue center must work together to find a way to make it through the waking nightmare, but time is running out and there's more to worry about than the reanimated corpses filling the streets and parking lots of our cities.. *Reign of the Dead* is an apocalyptic tale survival and heroics in the face of mankind's greatest challenge. I could feel the passion in Len Barnhart's *Reign of the Dead*. I encourage everyone to go find it." -Max Brooks, *World War Z* "*Reign of the Dead* is not just another mindless gore-fest. Barnhart does deliver plenty of graphic and gruesome violence, but these choice scenes are well-

placed throughout and are tinged with an underlying thread of conspiracy and madness. The tightly woven storyline pits the survivors in a desperate struggle against an infestation of undead adversaries, as well as their fellow man." - Dark Realms Magazine. "A solid character driven story with gut wrenching, 3-D zombies. A quick read that will have readers salivating for more...a true page turner." - Leonard Lies aka Machete Zombie, Dawn of the Dead. Rise Again marks a vivid and powerful fiction debut from an author who "balances kinetically

choreographed scenes of zombie carnage with studies of well-drawn characters and enough political intrigue to give his tale more gravity and grounding than most zombie gorefests" (Publishers Weekly). A mysterious contagion. Mass hysteria. Sudden death. And a warning that would come all too late... Forest Peak, California. Fourth of July. Sheriff Danielle Adelman, a troubled war veteran, thinks she has all the problems she can handle in this all-American town after her kid sister runs away from home. But when a disease-stricken

horde of panicked refugees fleeing the fall of Los Angeles swarms her small mountain community, Danny realizes her problems have only just begun—starting with what might very well be the end of the world. Danny thought she had seen humanity at its worst in war-torn Iraq, but nothing could prepare her for the remorseless struggle to survive in a dying world being overrun by the reanimated dead and men turned monster. Obsessed with finding her missing sister against all odds, Danny's epic and dangerous journey across the California desert will challenge her spirit . . . and bring

her to the precipice of sanity itself. . . . Forget the 1% - it's time to get to grips with the 0.1% ... There has always been some gap between rich and poor, but it has never been wider - and now the rich are getting wealthier at such breakneck speed that the middle classes are being squeezed out. While the wealthiest 10% of Americans, for example, receive half the nation's income, the real money flows even higher up, in the top 0.1%. As a transglobal class of highly successful professionals, these self-made oligarchs often have more in common with one another than with their own countrymen. But

how is this happening, and who are the people making it happen? Chrystia Freeland, acclaimed business journalist and Global Editor-at-Large of Reuters, has unprecedented access to the richest and most successful people on the planet, from Davos to Dubai, and dissects their lives with intelligence, empathy and objectivity. Pacily written and powerfully researched, Plutocrats could not provide a more timely insight into the current state of Capitalism and its most wealthy players. 'A superb piece of reportage ... a tremendous illumination' (New Statesman on Freeland's previous

title, Sale of the Century) A Navy commander leads Task Force Hourglass in mission to take back the continental United States, where the undead dominate what's left of the human population. A man struggles to survive after the US infrastructure collapses and martial law engulfs the streets of America. Rhiannon Frater's As the World Dies trilogy is an internet sensation. The first two books, The First Days and Fighting to Survive, have won the Dead Letter Award for Best Novel from Mail Order Zombie. The First Days was named one of the Best Zombie Books of the Decade by

the Harrisburg Book Examiner. AmericanHorrorBlog calls Rhiannon Frater "a writer to watch." The morning that the world ends, Katie is getting ready for court and housewife Jenni is taking care of her family. Less than two hours later, they are fleeing for their lives from a zombie horde. Thrown together by circumstance, Jenni and Katie become a powerful zombie-killing partnership, mowing down zombies as they rescue Jenni's stepson, Jason, from an infected campground. They find sanctuary in a tiny, roughly fortified Texas town. There Jenni and Katie find they are both attracted

to Travis, leader of the survivors; and the refugees must slaughter people they know, who have returned in zombie form. Fast-paced and exciting, filled with characters who grab your heart, *The First Days: As the World Dies* is the beginning of a frightening trilogy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. "When the world of Armageddon is attacked by orks, the Black Templars Space Marine Chapter are amongst those sent to liberate it. Chaplain Grimaldus and a band of Black Templars are charged with the

defence of Hive Helsreach from the xenos invaders in one of the many battlezones. But as the orks numbers grow and the Space Marines dwindle, Grimaldus faces a desperate last stand in an Imperial temple. Determined to sell their lives dearly, will the Black Templars hold on long enough to be reinforced, or will their sacrifice ultimately be in vain?"--Publisher's website *The long-awaited finale of Z.A. Recht's "action-packed zombie extravaganza" (Ryan C. Thomas) that began with the acclaimed novels Plague of the Dead and Thunder and Ashes. . . . THE MORNINGSTAR*

STRAIN WAS THE
END OF THE
WORLD. In the
wake of the zombie
apocalypse, two
separate bands of
survivors journey
across a decimated
America, each with
the desperate goal
of finding the cure
for the virulent
plague that
threatens the
existence of
humankind—or
what's left of it.
Now it's up to these

The imagination of
the early twenty-

catastrophic, with
Hollywood

all depicting a

frequently gothic
descriptions of the
apocalypse not only
commodify fear
itself; they
articulate and even
help produce
imperialism.
Building on, and
often retelling, the
British 'imperial
gothic' of the late
nineteenth century,
the American
imperial gothic is
obsessed with race,
gender,
degeneration and
invasion, with the
destruction of
society, the collapse
of modernity and
the disintegration
of capitalism.
Drawing on a rich
array of texts from
a long history of the
gothic, this book
contends that the
doom faced by the

world in popular culture is related to the current global instability, renegotiation of worldwide power and the American bid for hegemony that goes back to the beginning of the Republic and which have given shape to the first decade of the millennium. From the frontier gothic of Charles Brockden Brown's Edgar Huntly to the apocalyptic torture porn of Eli Roth's Hostel, the American imperial gothic dramatises the desires and anxieties of empire. Revealing the ways in which images of destruction and social upheaval both query the violence with which the US has asserted itself locally and globally, and feed

the longing for stable imperial structures, this book will be of interest to scholars and students of popular culture, cultural and media studies, literary and visual studies and sociology. The machines brought society to its knees. Now, the last remaining humans fight for survival--and to take back what's theirs. Junior, a robotics expert, tinkers quietly underground. With dozens of machine kills under his belt, he knows the enemy inside and out. AlphaOverride, a reclusive black hat hacker, uses the skills acquired over a life of shady activity to outwit the hyper-intelligent

machines swarming in on her. Brick, a special forces operator and one of the few Pentagon survivors, fights his inner demons to embark on the most important mission of his life. Together they are humanity's last, best hope--if they can only find each other in time. From the Author First, I brought you the cult classic, Day by Day Armageddon, where we both journeyed alongside the unnamed survivor as he trekked across the bleak landscapes of the undead. Remaining series,
telling a gritty tale
of survival,
perseverance and

the fight to get back what has been lost. A LOT CAN CHANGE IN THREE MONTHS: Wars can be decided, nations can be forged . . . or entire species can be brought to the brink of annihilation. The Morningstar virus has swept the face of the planet, infecting billions. Its hosts rampage; its victims don't die, but are reborn as cannibalistic shamblers. SCATTERED ACROSS THE WORLD, EMBATTLED GROUPS HAVE PERSEVERED. For some, survival is the pinnacle of achievement. Others hoard goods and weapons. And still others leverage power over the

remnants of humanity with a mysterious cure. Francis Sherman and Anna Demilio want only a vaccine, but to find it they must cross a ravaged landscape of the infected and the lawless living. THE BULK OF THE STORM HAS PASSED, leaving echoing thunder and softly drifting ashes. But for the survivors, the peril remains, and the search for a cure is just beginning. . . . Returning to the terrifying vision of his "awesome zombie novel" (David Moody) *Plague of the Dead*, Z.A. Recht "will once again make you turn your lights on" (J.L. Bourne) with this chilling apocalyptic thriller. After the debacle at

the Bizarre Bazaar, Destiny Harper is in more trouble than she imagined. To redeem herself, she must replenish the Vamplets' supply of blood; but to do that she and the Vamplets must travel to the Undead Dragon Farm ... and into danger! Ever since his sixteenth birthday, disaster has loomed over Micah Silver's head, threatening him and everything he loved. Twice he tried to deny his fate, only to suffer for his hubris. Finally, he made the sacrifices necessary to confront the danger facing him head-on. Micah succeeded. At the head of an army of daemons, he defeated the Durgh Khan and

saved Basil's Cove from disaster. Only, it wasn't to be. The cost of his actions was too great for him to bear, forcing him to activate his blessing and travel back in time once again. Sanity and emotional stability fraying, Micah buckles down for another run. This time, he has the knowledge, character class, companions, and skills to make his fourth loop the final one. It had better be. His psyche can't take a fifth. Don't miss two in this time-loop LitRPG Series where a reluctant hero is forced to fight against an impossible catastrophe... over and over again. Grab your copy today! A Navy

commander discovers an amazing secret about the pandemic that started the zombie apocalypse and destroyed the U.S. population, in the fourth installment of the series following Shattered Hourglass. Original. Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production. Some disasters can only be avoided if you know they're coming... On Karell, you are either blessed by the gods, granted a unique power and the ability to gain experience and

levels, or you are forgotten. Micah Silver was a boy picked for greatness. Chosen by the gods to bear a mythic power, he longed to take his place amongst the heroes and legends he grew up reading about. Unfortunately, his primary blessing only allows him to travel into the past by sacrificing his class, wealth, and levels--a psychological burden that Micah is reluctant to shoulder. But, even if Micah is unwilling, fate has a way of forcing you to face your destiny... and running away can cost you everything. Over and over again... Experience the start of a time-loop LitRPG Series

where a reluctant hero is forced to fight against an impossible catastrophe. Using his talents for enchanting items and summoning creatures, he must retrace his steps and grow stronger in a potentially futile effort to prevent tragedy and protect his family. The Morningstar virus. Those infected suffer delirium, fever, violent behaviour ... and a hundred per cent mortality rate. But that's not the worst of it. The victims return from the dead to walk the earth. And when a massive military operation fails to contain the plague of the living dead, it escalates into a worldwide

pandemic. On one side of the world, thousands of miles from home, a battle-hardened general surveys the remnants of his command: a young medic, a veteran photographer, a rash private, and dozens of refugees - - all of them his responsibility. Meanwhile in the United States, an army colonel discovers the darker side of Morningstar and collaborates with a well-known journalist to leak the information to the public... From #1 New York Times and #1 Wall Street Journal bestselling author Brad Thor, four deadly women from the top-secret Athena Project join Delta Force as they undertake one of

the nation's most dangerous assignments. The world's most elite counterterrorism unit has just taken its game to an entirely new level. And not a moment too soon... From behind the rows of razor wire, a new breed of counterterrorism operator has emerged. Just as skilled, just as fearsome, and just as deadly as their colleagues, Delta Force's newest members have only one thing setting them apart—their gender. Part of a top-secret, all-female program codenamed The Athena Project, four of Delta's best and brightest women are about to undertake one of the nation's

deadliest assignments. When a terrorist attack in Rome kills more than twenty Americans, Athena Team members Gretchen Casey, Julie Ericsson, Megan Rhodes, and Alex Cooper are tasked with hunting down the Venetian arms dealer responsible for providing the explosives. But there is more to the story than anyone knows. In the jungles of South America, a young US intelligence officer has made a grisly discovery. Surrounded by monoliths covered with Runic symbols, one of America's greatest fears appears to have come true. Simultaneously in Colorado, a foreign

spy is close to penetrating the mysterious secret the US government has hidden beneath Denver International Airport. As Casey, Ericsson, Rhodes, and Cooper close in on their target, they will soon learn that another attack—one of unimaginable proportions—has already been set in motion, and the greatest threat they face may be the secrets kept by their own government. The acclaimed military thriller of the zombie apocalypse from the author of *Day by Day Armageddon* and *Day by Day Armageddon: Beyond Exile!* In a desperate bid to take back the continental United

States—where hordes of undead now dominate the ravaged human population—a Navy commander leads a global mission to the heart of the pandemic. Task Force Hourglass is humanity's final hope, and his team's agonizing decisions could mean living one more day—or surrendering to the eternal hell that exists between life and death. Sporadic news reports indicate chaos and violence spreading through US cities. An unknown evil is sweeping the planet. The dead are rising to claim the earth as the new dominant species in the food chain. *Day by Day Armageddon* and its sequel *Beyond*

Exile are the handwritten journals of one desperate survivor as he battles in the face of global disaster. Zombie fiction at its finest, these books will take you to a whole new level of terror. A lone survivor in a zombie-infested world, Jonah Caine wandered for months, struggling to understand the apocalypse in which he lives. Unable to find a moral or sane reason for the horror that surrounds him, he is overwhelmed by violence and insignificance. Then Jonah comes across a group of survivors living in a museum-turned-compound. They are led by Jack, an ever-practical and efficient military

man; and Milton, a mysterious prophet who holds a strange power over the dead. Both share Jonah's anguish over the brutality of their world as well as his hope for its beauty. Together with others, they build a community that reestablishes an island of order and humanity surrounded by relentless ghouls. But this newfound peace is short-lived, as Jonah and his band of refugees clash with another group of survivors who remind them that the undead are not the only—nor the most grotesque—horrors they must face.
