Between Languages and Cultures Jan 28 2023 Gabrielle Roy is one of the best-known figures of Québec literature, yet she spent much of the first thirty years of her life studying, working, and living in English. For Roy, as a member of Manitoba's francophone minority, bilingualism was a necessary strategy for survival and success. How did this bilingual and bicultural background help shape her work as a writer in French? The implications of her linguistic and cultural identity are explored in chapters looking at education, language, translation, and the representation of Canada's other minorities, from the immigrants in Western Canada to the Inuit of Ungava. What emerges is a new reading of Roy's work. Drawing on archival material, postcolonial theory, and translation studies, *Between Languages and Cultures* explores the traces and effects of Roy's intimate knowledge of English language and culture, challenging and augmenting the established view that her work is distinctly French-Canadian or Québécois.

The German Diplomatic Service, 1871-1914 May 08 2021 In this investigation of the German foreign office from 1871 to 1914, Lamar Cecil focuses on the people who conceived and executed German diplomacy rather than on diplomatic policies and stratagems. The author analyzes the men and their careers, isolating the characteristics common to the diplomats, the reasons for their selection, and the effect on their careers of various considerations of background, personality, and circumstance. His findings are based in part on the papers of Prince Bismarck and his family. The first part of the book discusses the criteria employed in choosing applicants and promoting senior diplomats. The structure of the foreign office and the conditions of entry are examined in detail, as is the association of the novice and more experienced individuals with the military element, which after 1871 found increasing accommodation in all ranks of the diplomatic establishment. The second part considers the problems with sovereigns, chancellors, and other bureaucrats encountered by members of the diplomatic service. Originally published in 1976. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

English in Speech and Writing Oct 25 2022 Rather than giving the student a list of facts to assimilate this book offers a selection of standard and non-standard pieces of spoken and written English that the reader uses to formulate opinions on structure and lexis for further self-study.

New Perspectives on Irish English Sep 23 2022 This volume brings together current research by international scholars on the varieties of English spoken in Ireland. The papers apply contemporary theoretical and methodological approaches and frameworks to a range of topics. A number of papers explore the distribution of linguistic features in Irish English, including the evolution of linguistic structures in Irish English and linguistic change in progress, employing broadly quantitative sociolinguistic approaches. Pragmatic features of Irish English are explored through corpus linguistics-based analysis. The construction of linguistic corpora using written and recorded material form the focus of other papers, extending and analyzing the growing range of corpus material available to researchers of varieties of English, including diaspora varieties. Issues of language and identity in contemporary Ireland are explored in several contributions using both qualitative and quantitative methods. The volume will be of interest to linguists generally, and to scholars with an interest in varieties of English.

Current Topics in Language and Literature Dec 27 2022 This volume brings together 15 peer-reviewed papers which discuss numerous current topics in language and literature. It synthesizes various contemporary practical topics in post-secondary education written by active researchers and practitioners in their respective areas. By using research methods such as mixed methods, case studies, discourse analysis, grounded theory and the repertory grid, the contributors offer insights into the ways in which higher education continuously changes and evolves to face constant challenges resulting from new instructional practices. Taking this into consideration, this book will help educators, researchers and students to keep up with these changes, and to stay aware of contemporary issues relating to post-secondary education.

Deranging English/education Sep 11 2021

Topics, Terms, and Research Techniques May 27 2020 Nancy Drew's on the case when, during a field trip to a modern art museum, a newly-hired cleaning woman's accused of having destroyed a sand painting.

Spinoza In English, A Bibliography Mar 18 2022 Spinoza in English, is the first bibliography to document the entire 300-year record of books, monographs, dissertations and articles in English on Benedict Spinoza, as well as all translations of his works into English. Arranged alphabetically by author or editor, and internally cross-referenced in the case of anthologies and 'replies', this bibliography cites its own sources where appropriate and, in many cases, provides details on how to obtain out-of-print titles and unpublished dissertations. Additionally, it restores or corrects a good deal of earlier bibliographic detail and, beginning with titles from the mid-1800s, presents the citations in a uniform style. This second edition adds hundreds of citations, including dozens of titles hitherto overlooked, thus bringing the total to nearly 2700 on the main level (with hundreds of secondary references to later editions and reprints). It also provides an index and, occasionally, an abstract when the author's title inadequately describes the contents. As the only source of its kind, this bibliography is an indispensable reference tool for research libraries and individual scholars concerned with the life and works of Spinoza. Wayne Boucher's introduction is augmented by a preface by Professor Manfred Walther. --the most complete bibliography of works in English on Spinoza --enlarged, corrected and improved from first edition with numbered entries --uniquely comprehensive, current and authoritative --numbered entries and subject/title index for easy reference

England and Englishness Feb 02 2021 John Lucas' study examines how the notion of Englishness is expressed in English poetry. His subject is not patriotism, but the way poets are forced to place themselves in a tradition, a relationship to the State and the Establishment, sometimes as apologists, sometimes as rebels and outsiders.

The Story of English Jun 08 2021 A popular history of the English language.

Captain Blood Jul 10 2021 Physician and country gentleman Peter Blood is forced to turn from medicine to piracy in this swashbuckling classic brimming with stolen treasure, adventure on the high seas, and romance.

Possessives in English Mar 25 2020 This book is about a single morpheme - the possessive morpheme - in English. Often realized as 's, it occurs in a variety of constructions (the man's hat, a friend of mine, without my saying so, a girls' school). What does the morpheme actually mean? What category does it belong to? What is its contribution to the meaning of the expression in which it occurs? And how can we account for the various restrictions on its use? Dr Taylor proposes a unitary account of the morpheme, within the theoretical framework of Cognitive Grammar. In the earlier chapters he introduces and explains the conceptual apparatus of the theory, and in the later chapters he develops a coherent account of the full range of possessive constructions. A special feature of this book is that it also provides a wide-ranging critique of alternative, and especially Government and Binding accounts of possessive expression, highlighting the profound conceptual differences between the contrasting approaches as well as some of the points of convergence.

1000 Ideas for Term Papers in World Literature Nov 25 2022

Projects in Linguistics Aug 30 2020 This is an invaluable companion for students undertaking a piece of independent research for the first time. It introduces the most commonly used tools and techniques of research and offers practical advice on how to choose a research topic, how to collect data, how to analyze it, and how to write up the results. The authors incorporate over 250 project ideas and cover plagiarism, referencing, the use of corpora, phonetic and orthographic transcription, and writing good English.

Handbook of Literary Research Feb 23 2020 Introduces general reference books, ready-reference guides, guides to manuscripts and dissertations, computer databases, and resources in rhetoric and composition.

Undergraduate ELT in Sri Lanka Dec 23 2019 The book looks into the South Asian experience of English language education in the first decade of the 21st century by examining its policies, practices and perspectives in Sri Lanka. It discusses the evolution of English from the language of administration of the former South Asian colony up to its present and intended, although poorly implemented, status as a "link-language" in Sri Lanka. The official removal of English as the language of administration after independence, the twists and turns of its practice in various domains over six decades, and the views of today's students and teachers reveal that there is more to English language education in a post-colonial context than current theories address. This book concentrates on what educationalists in English Language Teaching do, the goals that curriculum designers must capture, and how post-colonial attitudes towards English hinder the teaching of English as a second language. This book emphasizes that the general principles of teaching English as a second language need specific modifications at the delivery stage in South Asian societies.
