**Alpha and Omega God Jan 28 2023 The book is about the Alpha and  
Omega God. It is my testimony in regard to the existence and the will of the  
Deity creator for the entire creation activities. I started to write about this  
supernatural and omnipotent God from the beginning, which is unknown  
time. I then proceeded in writing all the way to the time of eternity. In the**

book, I have talked and tried to prove the creatorship and rulership situation or condition of the Trinity God. I have done this to make peoples of this world believe in existence of the almighty and the ubiquitous God who caused every thing seen and unseen to emerge and exist as they are found now.

The Semitic Languages Nov 01 2020 The Semitic Languages presents a unique, comprehensive survey of individual languages or language clusters from their origins in antiquity to their present-day forms. The Semitic family occupies a position of great historical and linguistic significance: the spoken and written languages of the Phoenicians, Hebrews and Arabs spread throughout Asia and northern and central Africa; the Old Semitic civilizations in turn contributed significantly to European culture; and modern Hebrew, modern literary Arabic, Amharic, and Tigrinya have become their nations' official languages. The book is divided into three parts and each chapter presents a self-contained article, written by a recognized expert in the field. \* I. General Issues: providing an introduction to the grammatical traditions, subgrouping and writing systems of this language family. \* II. Old Semitic Languages \* III. Modern Semitic Languages Parts II and III contain structured chapters, which enable the reader to access and compare information easily. These individual descriptions of each language or cluster include phonology, morphology, syntax, lexis and dialects. Suggestions are made for the most useful sources of further reading and the work is comprehensively indexed.

Ethiopian Christian Literature Sep 23 2022 This short volume outlines some of the basic features of Ethiopian Christian literature. J.M. Harden attempts to offer insight to the laymen regarding the structure and function of Ethiopian texts and attempts to place them within the proper literary context.

Comparative Dictionary of Ge'ez (Classical Ethiopic) Jan 22 2020

Fifty Years of Research Dec 15 2021

The Life and Growth of Language Apr 06 2021 William Dwight Whitney (1827-94) was the foremost American philologist and Sanskrit scholar of the nineteenth century. After studying in Germany, then at the forefront of linguistic scholarship, he assumed the chair of Sanskrit at Yale in 1854, with comparative philology added to his professorship in 1869. As well as teaching modern languages, Whitney published over 300 scholarly papers and books, acted as chief editor of the ten-volume Century Dictionary, and

co-founded the American Philological Association. In this important 1875 work, the influence of evolutionary theory on other branches of nineteenth-century scholarship, not merely biology, is clear in the discussion of the development of language. Whitney's survey is wide-ranging, beginning with an examination of language acquisition and how language shapes or limits our thought processes. Stressing the scientific basis of historical linguistics, he further looks at how different languages have changed over time, in terms of grammatical form, pronunciation and meaning.

*Introduction to Classical Ethiopic (Geʿez)* Nov 25 2022 This text is designed to provide a detailed but carefully graded introduction to the grammar and basic vocabulary of classical Ethiopic. The material covered in this introduction will instruct the beginning Ethiopicist and fine tune the dedicated Semitist into the details of this important cognate language.

*A History of African Linguistics* Jan 16 2022 The first global history of African linguistics as an emerging autonomous academic discipline, covering Africa, the Americas, Asia, Australia, and Europe.

*Encyclopaedia Britannica* Feb 23 2020

*Arabic Loanwords in Ethiopian Semitic* Dec 27 2022

*The Oxford Handbook of Ethiopian Languages* Aug 23 2022 This handbook provides a comprehensive account of the languages spoken in Ethiopia, exploring both their structures and features and their function and use in society. The first part of the volume provides background and general information relating to Ethiopian languages, including their demographic distribution and classification, language policy, scripts and writing, and language endangerment. Subsequent parts are dedicated to the four major language families in Ethiopia - Cushitic, Ethiosemitic, Nilo-Saharan, and Omotic - and contain studies of individual languages, with an initial introductory overview chapter in each part. Both major and less-documented languages are included, ranging from Amharic and Oromo to Zay, Gawwada, and Yemsa. The final part explores languages that are outside of those four families, namely Ethiopian Sign Language, Ethiopian English, and Arabic. With its international team of senior researchers and junior scholars, *The Oxford Handbook of Ethiopian Languages* will appeal to anyone interested in the languages of the region and in African linguistics more broadly.

*Anthropology of Color* Jun 20 2022 The field of color categorization has always been intrinsically multi- and inter-disciplinary, since its beginnings in the nineteenth century. The main contribution of this book is to foster a new level of integration among different approaches to the anthropological

study of color. The editors have put great effort into bringing together research from anthropology, linguistics, psychology, semiotics, and a variety of other fields, by promoting the exploration of the different but interacting and complementary ways in which these various perspectives model the domain of color experience. By so doing, they significantly promote the emergence of a coherent field of the anthropology of color. As of February 2018, this e-book is freely available, thanks to the support of libraries working with Knowledge Unlatched.

Travels to Discover the Source of the Nile Apr 26 2020 Reproduction of the original: Travels to Discover the Source of the Nile by James Bruce of Kinnaird

The Wisdom Compass to Eternal Life Mar 30 2023 This book is about how the living soul can attain eternal peace and hence eternal life as a living soul would yield it when abiding in the Lord Jesus Christ. Tapping the Lords Prayer as the authorized spiritual vehicle to communicate with God, this book attests that the name of the Lord Jesus Christ is the foundation, the seal of salvation, and the bearing point to overcome the world. By showing the intrinsic relationship of the invisible with the manifested world, the heavenly and the earthly, this book lucidly defines why the soul should glorify God as an end to lifes purpose while seeking righteousness and fulfilling the commandments. By presenting ground breaking revelations about the spiritual realm and hence the living God through the spiritual compass, this book would help the reader to discern wisdom about how to worship the Lord in truth and spirit to see the glimpse of eternal life and enjoy eternal peace, not as the world offers it but as the Lord Jesus confers it on the living soul.

Johnson's New Universal Cyclop:dia Feb 02 2021

Revelation from God May 08 2021 This book contains the revelation of God. It is the Word of God revealed unto me by the Lord. God spoke and dictated unto me the messages, and I wrote what I heard in my own words. Jesus Christ, the Son of God, spent ten years of his life travelling across the kingdom of Judah, healing and driving out demons from numerous people. What were revealed unto me are just a few of the numerous healings and Jesus' interactions with many people. Now we know what Jesus did between the ages of twenty and thirty years. The second part is another divine revelation. The Lord also revealed unto me, using the Bible,

**the origins and identities of the Asian people, the Jews, the Arabs, the Europeans, and the African people. It is a confirmation that we are all descendants of Abraham and a blessed people of God. This knowledge is to be revealed unto mankind at the end of time, which is now. This is a prophetic time. We are at an era of a new beginning, and thus the revelation of God is manifested unto us now. Mankind shall unite in the knowledge of God and in the blessings of his Son, Jesus Christ, and shall coexist in harmony from now onward.**

**Geez Bible Oct 25 2022 A thorough and in-depth examination of the translation and interpretation of the Ethiopian Bible into the archaic language of Geez is found in "Geez Bible: Translation and Interpretation." This book explores the history of translation, the difficulties encountered, and the effects that various translations and interpretations have had on Ethiopian culture and society as well as the Ethiopian Orthodox Church. In addition to describing how the translation process differs from those of other languages and how culture and tradition play a part in how the Bible is understood, the book gives an overview of the Geez language and the Ethiopian Orthodox Church. It also explores the debates around various Bible interpretations and how they have affected the Ethiopian Orthodox Church. The book explores how the Ethiopian Orthodox Church has been impacted by the translation and interpretation of the Bible and how this has affected Ethiopian culture and society. The possibility for fresh translations and interpretations of the Ethiopian Bible are discussed, as well as the difficulties of conserving and developing the Geez language and culture. Through the prism of the translation and interpretation of the Ethiopian Bible into the antiquated language of Geez, "Geez Bible: Translation and Interpretation" provides a thorough and insightful look into the history, culture, and society of Ethiopia.**

**Travels to Discover the Source of the Nile: In the years 1769, 1770, 1771, 1772 and 1773 (Complete) Feb 14 2022 HOWEVER little the reader may be conversant with ancient histories, in all probability he will know, or have heard this much in general, that the attempt to reach the Source of the Nile, the principal subject of this publication, from very early ages interested all scientific nations: Nor was this great object feebly prosecuted, as men, the first for wisdom, for learning, and spirit (a most necessary qualification in**

this undertaking) very earnestly interested themselves about the discovery of the sources of this famous river, till disappointment followed disappointment so fast, and consequences produced other consequences so fatal, that the design was entirely given over, as having, upon the fairest trials, appeared impracticable. Even conquerors at the head of immense armies, who had first discovered and then subdued great part of the world, were forced to lower their tone here, and dared scarcely to extend their advances toward this discovery, beyond the limits of bare wishes. At length, if it was not forgot, it was however totally abandoned from the causes above mentioned, and with it all further topographical inquiries in that quarter. Upon the revival of learning and of the arts, the curiosity of mankind had returned with unabated vigour towards this object, but all attempts had met with the same difficulties as before, till, in the beginning of his Majesty's reign, the unconquerable spirit raised in this nation by a long and glorious war, did very naturally resolve itself into a spirit of adventure and inquiry at the return of peace, one of the first-fruits of which was the discovery of these coy fountains<sup>1</sup>, till now concealed from the world in general. The great danger and difficulties of this journey were well known, but it was likewise known that it had been completely performed without disappointment or misfortune, that it had been attended with an apparatus of books and instruments, which seldom accompanies the travels of an individual; yet sixteen years had elapsed without any account appearing, which seemed to mark an unusual self-denial, or an absolute indifference towards the wishes of the public. Men, according to their different genius and dispositions, attempted by different ways to penetrate the cause of this silence. The candid, the learned, that species of men, in fine, for whom only it is worth while to travel or to write, supposing (perhaps with some degree of truth) that an undeserved and unexpected neglect and want of patronage had been at least part of the cause, adopted a manner, which, being the most liberal, they thought likely to succeed: They endeavoured to entice me by holding out a prospect of a more generous disposition in the minds of future ministers, when I should shew the claim I had upon them by having promoted the glory of the nation. Others, whom I mention only for the sake of comparison, below all notice on any other ground, attempted to succeed in this by anonymous letters and paragraphs in the newspapers; and thereby absurdly endeavoured to oblige me to publish an account of those travels, which they affected at the same time to believe I had never performed.

**African Immigrant Religions in America Mar 06 2021 African immigration to North America has been rapidly increasing. Yet, little has been written about this significant group of immigrants and the particular religious traditions that they are transplanting on our shores, as scholars continue largely to focus instead on immigrants from Europe and Asia. African Immigrant Religions in America focuses on new understandings and insights concerning the presence and relevance of African immigrant religious communities in the United States. It explores the profound significance of religion in the lives of immigrants and the relevance of these growing communities for U.S. social life. It describes key social and historical aspects of African immigrant religion in the U.S. and builds a conceptual framework for theory and analysis. The volume broadens our understandings of the ways in which new immigration is changing the face of Christianity in the U.S. and adds needed breadth to the study of the black church, incorporating the experiences of African immigrant religious communities in America.**

**Concise dictionary of Ge'ez Feb 26 2023 Ge'ez is an ancient Ethiopian language which is still important for the liturgy of the Orthodox church. The dictionary is arranged in the order of the Ge'ez syllabary. All the basic as well as the derived forms are presented in the Ge'ez alphabet and in phonetic transcription. The transcription should be helpful in indicating the correct pronunciation of the entries. The dictionary includes nearly all the entries that are considered essential for students of Ge'ez.**
