[Reclaiming the Spiritual in Art](#) Jul 28 2020 Examines the role of the sacred in art and makes a compelling case for its continued contemporary relevance.

[Niki de Saint Phalle & Jean Tinguely](#) Jan 26 2023 A scintillating story about the love and work of two artists who together epitomized the avant-garde of the late twentieth century. One of modern art's most productive relationships, the story of Niki de Saint Phalle and Jean Tinguely, is a tale of passion and creativity that started, literally, with a bang when the two artists met while working on their respective seminal exhibitions. Tinguely was taking the art world by storm with his self-destructing piece *Homage to New York*. De Saint Phalle was staging her controversial shooting paintings. Together these iconoclastic geniuses would challenge convention and each other with their visions, collaborating on such major projects as the *Tarot Garden* in Tuscany, the *Paradis Fantastique* for the 1967 Expo in Montreal, and the *Golem* playground in Jerusalem. These and other works are beautifully reproduced in this artistic "duography" that covers the life and work of each of these artists from 1955 when they met, through to Tinguely's death in 1991.

[Pierre Albert-Birot](#) May 06 2021 This book tries to encompass the life's achievement of Pierre Albert-Birot in art, poetry, and prose. This book is a rich and exhaustively researched study of a fascinating figure and a most original mind. The volume also attempts to encompass a life's achievement and to view globally Albert-Birot's artistic, poetic, and prose productions. As such, this is an important contribution to the study and knowledge of French literature of the first half of the twentieth century and to interdisciplinary studies. It is of interest not only to specialists in French literature, but also to art historians, literary historians, and those interested in comparative aesthetics.

[Niki de Saint Phalle](#) Apr 05 2021 *The High Priest and the High Priestess, the Magician and Justice, the Sun, Death and the Empress, are together in an enchanted garden, which is almost like a village, immersed in the Mediterranean maquis in southern Tuscany. A Garden inspired by the major arcana of the Tarot, and created by the powerful imagination of a Franco-American artist. "I wanted to give*

visitors, especially children, a place of Joy, where they could enjoy art and nature together," says Niki de Saint Phalle, who found the ideal setting for her dream - the most important work in her career - in the rolling, green, deserted hills of the Maremma, now populated by her colorful, magical Tarot Garden - or Garden of Delights. This book presents, for the first time, an illustrated account of the creation of this fascinating work, accompanied by essays by friends and art historians.

Crisis Mar 04 2021 Notions of crisis have long charged the study of the European avant-garde and modernism, reflecting the often turbulent nature of their development. Throughout their history, the avant-garde and modernists have both confronted and instigated crises, be they economic or political, aesthetic or philosophical, collective or individual, local or global, short or perennial. The seventh volume in the series *European Avant-Garde and Modernism Studies* addresses the myriad ways in which the avant-garde and modernism have responded and related to crisis from the late nineteenth to the twenty-first century. How have Europe's avant-garde and modernist movements given aesthetic shape to their crisis-laden trajectory? Given the many different watershed moments the avant-garde and modernism have faced over the centuries, what common threads link the critical points of their development? Alternatively, what kinds of crises have their experimental practices and critical modes yielded? The volume assembles case studies reflecting upon these questions and more from across all areas of avant-garde and modernist activity, including visual art, literature, music, architecture, photography, theatre, performance, curatorial practice, fashion and design.

Art History after Deleuze and Guattari Mar 16 2022 At the crossroads of philosophy, artistic practice, and art history Though Gilles Deleuze and Felix Guattari were not strictly art historians, they reinvigorated ontological and formal approaches to art, and simultaneously borrowed art historical concepts for their own philosophical work. They were dedicated modernists, inspired by the German school of expressionist art historians such as Riegl, Wölfflin, and Worringer and the great modernist art critics such as Rosenberg, Steinberg, Greenberg, and Fried. The work of Deleuze and Guattari on mannerism and Baroque art has led to new approaches to these artistic periods, and their radical transdisciplinarity has influenced contemporary art like no other philosophy before it. Their work therefore raises important methodological questions on the differences and relations among philosophy, artistic practice, and art history. In *Art History after Deleuze and Guattari* international scholars from all three fields explore what a 'Deleuzo-Guattarian art history' could be today. Contributors Éric Alliez (Kingston University, Université Paris VIII), Claudia Blümle (Humboldt Universität zu Berlin), Jean-Claude Bonne (École des Hautes Études en Sciences Sociales), Ann-Cathrin Drews (Humboldt Universität zu Berlin), James Elkins (School of the Art Institute of Chicago), Sascha Freyberg (Max Planck Institute for the History of Science), Antoine l'Heureux (independent researcher), Vlad Ionescu (Hasselt University), Juan Fernando Mejía Mosquera (Pontificia Universidad Javeriana), Gustavo Chirolla Ospina (Pontificia Universidad Javeriana), Bertrand Prévost (Université Bordeaux Montaigne), Elisabeth von Samsonow (Akademie für bildende Künste Wien), Sjoerd van Tuinen (Erasmus University Rotterdam), Kamini Vellodi (Edinburgh College of Art), Stephen Zepke (independent researcher)

Niki de Saint Phalle Jan 02 2021 Beautiful, flamboyant, daring and fiercely independent, Niki de Saint Phalle (1930-2002) emerged in the 1960s as a powerful and original figure in the male-dominated art world centred on Paris. This book provides a survey of her whole career.

The Great Migrator Jun 26 2020 Unlike other writers, who have viewed the export of American art during the 1950s and 1960s as another form of Cold War propagandizing (and famous American artists as cultural imperialists), Ikegami sees the global rise of American art as a cross-cultural phenomenon in which each art community Rauschenberg visited was searching in different ways for

cultural and artistic identity in the midst of Americanization. Rauschenberg's travels and collaborations established a new kind of transnational network for the postwar art world--prefiguring the globalization of art before the era of globalization. --

Locus Solus Jan 14 2022 The author, who always kept his distance from the avant-garde and from the literary movements of his times (because, in the words of Andre Breton, he was "fully determined to follow no inclination other than that of his spirit") reveals in the aforementioned text that he started out by inventing two phrases that were phonetically almost identical but had very different meanings, to later try to write a story that could start with one of them and end with the other. Using variations of this process he created his two most emblematic works, *Locus Solus* and *Impressions of Africa*, which give this exhibition its name. The show analyses the influence that Raymond Roussel has had on modern and contemporary art, by looking at a broad array of works in a variety of formats (paintings, photos, sculptures, ready-mades, installations, videos...) by about thirty different artists.

Monochromes Feb 21 2020 "Discussing more than a hundred years of art history, *Monochromes: From Malevich to the Present* is a lavish visual journey through some of the most iconic and visually stunning works of twentieth-century art. It offers very clear and understandable interpretations of an important and little understood artistic movement with international scope, and presents a cogent argument for the centrality of the monochrome to modern art. Historical survey, theoretical examination, illustrated chronicle, and aesthetic exploration--the four main texts--offer a thorough and fascinating account of this major artistic trend, tracing its evolution from its origins in revolutionary Russia to its numerous and diverse manifestations throughout the world."--Terry Berne, cultural critic for *Art in America*

Les Sculptures Cinétiques de Jean Tinguely Apr 24 2020 Nous voulons considérer les sculptures-machines de Jean Tinguely (1925-1991) comme des organismes pourvus d'une capacité de vie et de mort. Si l'art d'Occident a depuis longtemps su donner à des corps statiques l'illusion de la vitalité, Jean Tinguely, à l'instar des artistes reliés aux diverses tendances de l'art cinétique, anime ses oeuvres d'un mouvement réel induit mécaniquement. La particularité de Tinguely consiste cependant à rapprocher l'effet-machine d'un dynamisme à connotations organiques. Le hasard et l'imprécision, voire la panne, guettent le fonctionnement de ces amalgames d'objets recyclés articulés à des rouages, leur conférant un caractère de fantaisie mais aussi d'incertitude qui peut tourner au désespoir: certaines sculptures de Tinguely se suicident littéralement en s'auto-détruisant devant le public. Ce livre se propose d'examiner la spécificité et la signification de la production de Jean Tinguely au sein des pratiques modernes de la sculpture. Il s'attachera tout particulièrement au spectacle que produisent ces machines ludiques. Celles-ci entretiennent un dialogue avec le public, en sollicitant tous ses sens et sa participation active.

Jean Tinguely'60s Sep 22 2022 La Galerie Georges-Philippe et Nathalie Vallois, importante galerie d'art contemporain située rue de Seine à Paris, expose du 8 septembre au 4 novembre 2016, à l'occasion des 25 ans du décès de Jean Tinguely (1925-1991), un exceptionnel ensemble de sculptures réalisées par l'artiste dans les années 1960, donnant lieu à la publication d'un livre d'artiste. Les oeuvres exposées et reproduites dans cet ouvrage ont toutes en commun d'explorer le mouvement et le son sous toutes ses formes. Evocations de chaos et d'anarchisme pour les unes, d'une certaine sérénité et d'élégance pour les autres, ces oeuvres ont toutes en commun d'explorer le mouvement et le son sous toutes ses formes, depuis les exceptionnels - *Baloubas* - jusqu'aux rarissimes - *Radio WNYR* -. Ce livre d'artiste à tout petit prix comprend également une biographie sélective, des fiches - biographiques - de chacune des oeuvres et en couverture, une incrustation d'une puce sonore et d'un mini haut parleur correspondant à l'oeuvre intitulée - *Radio WNYR 10* -. Cet ouvrage est préfacé par Camille Morineau, commissaire de nombreuses expositions parmi lesquelles Yves Klein en 2006, Gerhard Richter en 2012, Roy Lichtenstein en 2013 et l'exposition des collections dédiées aux

Jean Tinguely : Méta-Reliefs, Méta-Matics, 1955-1961 Jun 19 2022 Catalogue de l'exposition "Jean Tinguely : méta-reliefs, méta-matics, 1955-1961" présentée à la Galerie Vallois, à Paris, du 5 octobre au 17 novembre 2012. Jean Tinguely en reliefs: onze oeuvres majeures et pour certaines inédites viennent rappeler ici la profonde originalité du sculpteur, décédé il y a déjà plus de vingt ans. Jean Tinguely: un nom qui tintinnabule et semble faire écho avec son travail. Un nom qui évoque pour chacun le merveilleux bricoleur d'oeuvres à prêter l'oeil et à tendre l'oreille. Jean Tinguely qui mêle à la science amusante, une réflexion sombre et grinçante sur l'univers de la machine à l'âge de son industrialisation. Jean Tinguely qui invente, entre malice et dérision, dans la complicité de son ami Pontus Hulten, la notion de Méta-Matic, sculpture pataphysique des temps modernes.

Discern(e)ments Jun 07 2021 A bilingual collection of essays on the aesthetics of Gilles Deleuze, Discern(e)ments highlights what is at stake in Deleuzian philosophy of art. It traces the reception of Deleuzian thought in a broad range of disciplines and gauges its use-value in each of them. Following the dynamics between structure and becoming that punctuates Deleuzian aesthetics, Discern(e)ments sketches and erases boundaries between methods and traditions in philosophy and art theory, as well as in literary, performance and film studies. Offering both numerous case-studies as well as theoretical outlines, Discern(e)ments engages faculties, disciplines and criticisms not in a mere exchange of points of view, but in heterogenesis mapping out further discernments in Deleuzian aesthetics.

Niki & Jean Posters Apr 29 2023 Fans of Niki de Saint Phalle and Jean Tinguely will delight in this first ever collection of their radiant posters. Niki de Saint Phalle's bold, colorful work lent itself perfectly to graphic design when she started producing posters in the early 1970s. Likewise, her partner Jean Tinguely began creating poster art around the same time. Both artists developed their talent in this genre and this lively collection offers brilliant reproductions of their most important posters, many of which the two artists collaborated on together. This selection includes posters with Niki de Saint Phalle's signature "Nanas," Jean Tinguely's abstract chromatic compositions and some posters on which the two artists collaborated. This beautifully produced volume includes an enlightening introduction by Isabel Siben and an appendix with a catalog raisonné of 150 posters by both artists.

[Prière de toucher - The Touch of Art : Interdisciplinary Symposium](#) Sep 10 2021 Can art be touched? What is the role played by feeling, touching and grasping in human experience? 'Prière de toucher. The Touch of Art' pulls together the papers delivered at the interdisciplinary symposium held during the exhibition of the same name at Museum Tinguely, Basel in April 2016. These essays from fields which include the history of art and architecture, fashion design, media, cultural, religious and film studies and the neurosciences offer highly instructive and frequently surprising insights into the all-pervasive importance of touch.

Light on Fire Dec 21 2019 "A groundbreaking biography of Sam Francis, one of the celebrated artists of the twentieth century, and the American painter who brought the vocabulary of abstract expressionism to Paris. Drawing on exclusive interviews and private correspondence, Gabrielle Selz traces the complex life of this magnetic, globe-trotting artist who first learned to paint as a former

air-corps pilot encased in a full-body cast for three years. Selz writes an intimate portrait of a mesmerizing character, a man who sought to resolve in art the contradictions he couldn't resolve in life"--

The Marquis de Sade and the Avant-Garde Jul 20 2022 "This is the first book to examine the cultural history of Marquis de Sade's (1740-1814) philosophical ideas and their lasting influence on political and artistic debates. An icon of free expression, Sade lived through France's Reign of Terror, and his writings offer both a pitiless mirror on humanity and a series of subversive metaphors that allow for the exploration of political, sexual, and psychological terror. Generations of avant-garde writers and artists have responded to Sade's philosophy as a means of liberation and as a radical engagement with social politics and sexual desire, writing fiction modelled on Sade's novels, illustrating luxury editions of his works, and translating his ideas into film, photography, and painting. In *The Sadean Imagination*, Alyce Mahon examines how Sade used images and texts as forms that could explore and dramatize the concept of terror on political, physical, and psychic levels, and how avant-garde artists have continued to engage in a complex dialogue with his works. Studying Sade's influence on art from the French Revolution through the twentieth century, Mahon examines works ranging from Anne Desclos's *The Story of O*, to images, texts, and films by Man Ray, Pier Paolo Pasolini, Guillaume Apollinaire, Jean-Jacques Lebel, and Peter Brook. She also discusses writings and responses to Sade by feminist theorists including Angela Carter and Judith Butler. Throughout, she shows how Sade's work challenged traditional artistic expectations and pushed the boundaries of the body and the body politic, inspiring future artists, writers, and filmmakers to imagine and portray the unthinkable"--
