This is a multi-volume work that has been serving the undergraduate and postgraduate students of botany for more than four decades. It has equally been used for several competitive examinations. The book covers the fundamentals of bacteria, mycoplasmas, cyanobacteria, archaebacteria, viruses, fungi, lichens, plant pathology and algae. Over the years, it has earned acclaim as being students' favourite, as it explains the topics in a very comprehensible language. It has been thoroughly revised to include the newfound knowledge acquired by recent research in botany. The revised edition also comes in a more attractive format for better understanding of the subject. New in this Edition • Improved categorization of bacteria, cyanobacteria, archaebacteria, fungi, viruses and algae in the major groups of organisms. • Modern classification of fungi and algae. • Study of fungal diversity based on the development of molecular methods. • Life cycle of Neurospora, and genetics of Neurospora. • Topics on fungal biotechnology and algal biotechnology explore the molecular methods in which they are exploited by man. Describes the theory and practice of corporate finance. The authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. They bring fresh expertise and ideas to this textbook and partnership. Ormerod and Laird present a thorough yet accessible student guide to the criminal law, supported by a wealth of key extracts from judgments, statutes, reports, and academic articles. Psychology in Action, 12e is a comprehensive introductory Psychology product that fosters active learning and provides a wealth of tools that empower students to master and make connections between the key concepts. Students will leave the classroom with a solid foundation in basic psychology that will serve them in their daily lives no matter what their chosen field of study and career path. 'New Hart's Rules' is a brand-new text that brings the principles of the old text (first printed in 1893) into the 21st century, providing answers to questions of editorial style for a new generation of professionals.
